- i. 2023 Road Paving Next Steps – All roads in this round of paving have been paved. We do have a few small items on the punch list that the contractor will be looking into in the next few weeks. And we did choose to add a fabric liner to the paving on Station Street due to the limited depth they were able to achieve when milling the asphalt that was laid over an old brick street. This will add approximately \$15,000 to the final bill.
- ii. Broadhead Project – After the project scope was approved at the last Borough Council meeting, the Borough Engineers are finalizing the project parameters and moving towards an open bidding process.
- iii. South Linden Ave Market Study – The Borough paid the firm Fourth Economy to complete a market study regarding the jointly owned School District and Borough property on South Linwood that the School Board is interested in selling.

MOTION: Approve the public release of the market study regarding potential uses of the South Linden Ave property.

- iv. Crafton Blvd Streetscape Phase II – We are exploring the modifications required to refocus the lights on the sidewalks while not shining in nearby windows nor too brightly for those driving on Crafton Blvd.
 - v. Multi Municipal Zoning Project Update –The public engagement website is now live, and we will continue to send out information with how to read about the zoning up and how the public can make comments.
