

Planning Commission Meeting –March 2021 (Zoom meeting – Held March 23, 2021)

Attending: Planning Commission Crafton - Lydia Herring, Rich Kraemer, Kirsten Compitello, Colton Chandler, Eric Valcheff

Ingram Commissioners: Jim Marsilio, Greg Butler, Aaron Cygnarowicz

Call to Order: 6:33 PM

Citizen Comments

Greg Wozniak asked if we heard of any progress from the presentation he gave at meeting. It was mentioned that we were waiting on developer discussion and no one heard from council.

Ingram Update

Greg Butler said there were really no updates since last meeting. He did however say that they were going for a Pedestrian Grant for the area around the Seven Eleven store.

Crafton Update

Kirsten Compitello talked about the Parks Master Plan. She stated that it was not started yet, and the same firm would be working on the updates.

We discussed the Streetscape Workshop. It was mentioned that most of the presentation was done by Gateway Engineering.

We are still waiting for word on the Map Grant. We were told we are still in the running. It was also mentioned that there are legal concerns from council and the solicitor that may come up because of rezoning.

Eco-District

Kirsten will use information from brain dump in the shared drive and send to CONNECT and to DCED for support and ask for information on how to start. Both brings agree that this is something we need to do.

Workshop 5 Discussion

We should consider Eco-Districting the topic of workshop 5. The workshop would be an overview and Informational. We should investigate possibly tying this to Earth Day. It would be put together with examples of existing Eco-Districts and photos. We will shoot for 6:30 on April 28.

Previous meeting minutes were approved.

Meeting adjourned at 7:45 PM
