

Planning Commission Meeting –May 2021 (Zoom meeting – Held May 25, 2021)

Attending: Lydia Herring, Rich Kraemer, Eric Valcheff, Colton Chandler

Not able to attend: Kirsten Compitello

Call To Order: 6:31 PM

Comments

None – No One attended

Master Park Plan Update

As we understand the Park committee will be a nine-person committee. There will be 3 from Planning and we also have the REC board, and borough council. Not sure of the entire makeup of the committee. We are presuming that EDP won the contract, not sure how council voted. A motion was made by planning to recommend to council that whoever expresses interest becomes part of the committee. This motion was passed unanimously.

Zoning Update

It was mentioned it is incumbent upon us to educate the borough residents the benefits of updating zoning code and risks of not updating the code. We need to educate the public on What is the code (perhaps in a workshop). We need to discuss next steps with Kirsten.

Updates to working version to Vision Document

There has been no new work on the document. Do we need to visit the structure of Planning Commission knowledge site? Do we need to track things like the consumption rate? Eric posted on Nextdoor to track rate.

April and February minutes were approved.

Meeting adjourned at 7:27 PM
